Experience

SoftAir Technology, Front-end Developer Intern

March 2025 - May 2025

- Built and maintained responsive web pages using HTML, CSS, and JavaScript by turning Figma UI/UX designs into working websites. Collaborated remotely with team members via Git and GitHub.

Projects

Portfolio

- Built a responsive personal portfolio website using React.js, TypeScript, and Tailwind CSS. Focused on reusable components, clean UI design, and smooth navigation while following modern frontend development practices.

Wanderlust

- Developed responsive property listing and filtering UI with search and booking flow using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.

RideIndia

- Design and build a modern, scalable, mobile-first travel companion web application for bike riders traveling across India, including metro cities, towns, villages, highways, hills, deserts, coastal routes, and remote regions.

Gmail Clone

- Created email inbox interface with React Router for navigation and basic CRUD operations for emails using React, Tailwind CSS, and Firebase.

Education

Baba Farid Group Of Institutions, Punjab, Computer Science Engineering

August 2022 – June 2026

- **Current Sem:** 8/8
